

# Cognitive & Affective Consciousness, Lines of Type, Actual Consciousness

Thursday, November 26, 2015  
14:15-16:00  
Hauptgebäude 101  
Universität Bern

## Ted Honderich

**Grote Professor Emeritus of the Philosophy of Mind and Logic  
University College London**

Professor Honderich develops a new metaphysics of actuality defined as event occurrences in individually subjective lived-in physical worlds. Honderich is currently at work on a book in moral-political philosophy, working title ***Our Own Lower Form of Life***.

- *Actual Consciousness* ( OUP 2014 )
- *The Oxford Companion to Philosophy*, 2nd ed. ( OUP 2005 )
- *How Free Are You?* 2nd ed. ( OUP 2002 )
- *The Philosophers* ( OUP 1999 )

**Gastvortragsinitiative:  
Abteilung Logik und theoretische Philosophie  
Institut für Philosophie  
Universität Bern**
